Meeting Summary

The **your care, your way** Programme Manager (Sue Blackman) and the Senior Commissioning Manager (Mike MacCallam) gave a presentation to the Select Committee, a summary is set out below.

The Making Plans document has been circulated detailing the four models and fourteen priorities with a view to developing a top five priorities.

Currently in phase 2 of 4 – Design & Specify.

Provide an outline of the business case in November / December 2015.

The need for change is because of an ageing population, an increased demand, public expectation and a lack of money.

The current provision is £69.24m to over 60 providers for 400 services.

We will have health and care services in the community that empower children, young people and adults to live happier and healthier lives. Supporting people to access services when they are needed in as seamless a way as possible, navigators will assist individuals to access pathways of care and support.

There are attributes and challenges with all four possible models and whichever one is chosen we will look to providers to work more collaboratively.

- Model 1 – Focus on conditions
- Model 2 – Focus on circumstances
- Model 3 – GP led Wellbeing Hubs
- Model 4 – Community led Neighbourhood Teams

We will try to address loneliness and isolation through this review.

New technology is to be embraced and apps may be used in future work.

Q&A Session

Councillor Paul May asked if GP's and providers used any common IT systems as he felt that a fully integrated system was required.

Sue replied that there were two in use in the main.

Councillor Tim Ball said that in terms of budgets we must make sure that we have the ability to deliver what we are consulting on.

Sue replied that we have been clear to providers on the financial challenges of the future.

Mike added that money was not the main driver behind this review and that a significant budget exists. He said that the review was a challenge to think about the best model that we can provide.

Dr Ian Orpen stated that doing nothing was not an option and that this was a real opportunity for change. He said that he had heard a lot of positive feedback so far.

Councillor Paul May said that it was very welcome to see such a customer focus to the review.
